- All prices excl. German VAT and delivery costs
- You can order via our [Online-Portal](#). Your login number is: 180673.

We only close contracts with natural or legal persons or with private companies having legal capacity, who act on behalf of their commercial or self-employed professional function upon conclusion of the transaction as well as public institutions. The production is carried out according to Gerber digital data and digital data from drilling programs. Please see the technical requirements and format definitions and specifications required, in our internet site under Technical - Design-Help. Unless otherwise stated, the prices quoted are based on and production is acc. to IPC-A-600 Class 2. Only workdays Monday to Friday are counted as working days (= production time). If the order, together with all necessary documents and complete data, is received, and all possible technical questions are clarified by 09:00 a.m. CET, this day will count as the first working day. The day of despatch of the goods does not count as a working day. Express surcharges will be invoiced based on the actual delivery time. This also applies in the event of partial shipments. In principle, we reject business to be settled on a fixed date, also in express service. We reserve the right to under-ship or over-ship up to 10% of the ordered quantity. We reserve the right to request Payment in Advance or a Deposit before starting with production, if we consider necessary. In the case of cancellation of the order, Multi Circuit Boards Ltd. is entitled to charge any costs incurred.
